PROFESSIONAL PROFILE

Strategic Railway Operations Professional with over 8 years of experience at Delhi Metro Rail Corporation (DMRC). Expert in high-density metro operations, specializing in **GoA4 (Unattended Train Operation)** and **CBTC signaling systems**. Currently transitioning into the **Senior Traffic Controller** role at the **Operations Control Centre (OCC)** for Line 7 (Pink Circular Line). MBA candidate focusing on Finance and HR to bridge technical expertise with corporate leadership. Proven track record in duty roster management, crew control, and operational resource optimization, committed to maintaining the highest safety and efficiency standards for the global rail industry.

CORE COMPETENCIES

Operations: GoA4/UTO, CBTC Logic, ATS/ATR Management

Safety: Emergency Coordination, Degraded Mode, Safety Audits

Finance & Public: Revenue Management, Balance Sheet Auditing

PROFESSIONAL EXPERIENCE

Senior Traffic Controller (OCC - In Training)

May 2026 – Present

Delhi Metro Rail Corporation (DMRC) - Line 7 | New Delhi, India

- Managing real-time train movements on the highly automated GoA4 Pink Circular Line.
- Monitoring **Automatic Train Supervision (ATS)** and **ATR** systems to ensure headway adherence.
- Coordinating recovery protocols for system faults, including remote resets and degraded mode transitions.
- Liaising with maintenance and station departments for safe track access and system isolation.

Operations Management Specialist (Roster & Crew Control)

2018 – May 2026

Delhi Metro Rail Corporation (DMRC) | New Delhi, India

- Spearheaded duty roster management for mainline crew, ensuring 100% coverage and regulatory compliance.
- Developed custom digital tools using **Google Apps Script** and JS to automate complex duty assignment mapping.
- Optimized station matching logic for 'train loop verification,' reducing manual processing time by over 60%.

- Commanded mainline train operations in a **CBTC environment** with a 100% safety record.
- Managed onboard systems and manual overrides during technical faults to maintain service continuity.

Station Controller

2013 – 2018

Delhi Metro Rail Corporation (DMRC) - Line 7 | New Delhi, India

- Directed daily station operations, security coordination, and facility maintenance for high-footfall metro stations.
- Managed station revenue accounts and daily balance sheets, ensuring 100% accuracy in cash and digital transaction audits.
- Led public-facing operations, resolving passenger grievances and managing crowd control during peak hours.

EDUCATION

Master of Business Administration (Finance & HR) | Expected Dec 2027
SVSU, Meerut, UP

Bachelor of Technology (Electronics and Communications) | 2015
MAIT, Delhi

Master/Bachelor in Library Science & PGDCA | 2019 - 2021
SVSU / IGNOU

TECHNICAL INNOVATION

Digital Roster Tool (Developer): Developed a full-stack web application integrated with Supabase to manage DMRC duty cycles. Features include automated 'Left/Right' file processing, station-specific directional logic, and an admin panel for real-time monitoring.

PROFESSIONAL MEMBERSHIPS

- **Affiliate Member:** Chartered Institution of Railway Operators (CIRO), UK.
- **Certification:** OCC Operations Technical Training (In Progress, DMRC).
